## SUMMARY

---

I am a results-driven Software Engineering undergraduate with a strong background in project management and leadership. Self-motivated and disciplined, I excel in managing projects and leading teams to success. I bring a unique combination of technical expertise and creative design skills, with proficiency in programming languages such as Java, C, and Python, as well as design tools like Photoshop, Illustrator, and Figma.

## PROJECTS

---

### Student Support System

Colombo, Sri Lanka

Frontend and Backend Developer

August 2023 - Present

- Building the Appointments Interface from the ground up (Spring Boot - Java, Flutter - Dart, PostgreSQL)
- Beta Testing and Implementation (JUnit 5 & Mockito)

### Curtin Colombo Events Team - Ticketing System

Colombo, Sri Lanka

Project Manager

July 2023 - September 2023

- Developed the User Management functionality of the application (SpringBoot, React, Javascript)
- Defined budget requirements (LKR 200K) and secured management approval for Cloud Based Services and licenses (Domain Names, Servers, Administration Approval, Meetings)
- Defined test strategy and scripts which ensure admin / login functionality met required standards and enabled key internal customer service levels to be achieved.
- Alpha and Beta Testing to ensure the product Standards were met. (Whitebox & Blackbox Testing)

### Curtin University

Perth, Australia

Student

July 2021 - Present

- Designed an application to solve a global problem on Figma for a Human Computer Interaction Class
- Studied and improved learning in OOP Concepts, Data Structures and Algorithms, Software Engineering Concepts, Mobile Cloud Computing and more.

## WORK & OTHER EXPERIENCE

---

### Curtin Global Student Leaders Summit

Perth, Australia

Student Leader (Vice President)

2024

- Represented Curtin Colombo as a Student Leader at the summit, engaging in collaborative discussions to address shared challenges and glean insights from diverse campus perspectives.
- Implemented the discussed solutions to problems presented during the summit.

### Golden Maid Restaurant

Colombo 03, Sri Lanka

Social Media Manager (Freelancer)

2020 - 2023

- Implemented and Handled all Social Media Channels to maintain consistency and boost sales.
- Designed multi-channel communications strategy to increase customer acquisition / followers – grew by 30% in 3 months
- Created, Published and Printed Marketing Material (*Adobe Photoshop, Illustrator, Premier Pro*)

### Dutch Trails Sri Lanka

Negombo, Sri Lanka

Digital Media Manager (Intern)

2021 - 2022

- Develop Marketing Strategies (*Meta Business Suite*)
- Compose and Publish Marketing Material (*Adobe Photoshop, Illustrator, Premier Pro*)

## EDUCATION

---

### Curtin University

*Bachelor of Computing in Software Engineering*

- **GPA:** 3.5 / 4.0

#### **Student Experiences:**

- Vice President of the Student Guild (2023)
- Head of Media and Socials of the Student Guild (2022)
- Student Ambassador for Curtin University

**Perth, Australia**

2021 - 2024

### Gateway College

*Ordinary Level and Advanced Level*

- **EDEXCEL IAL Advanced Level Examination** - 2A\*, 1C, 1D
- **EDEXCEL IGCSE Ordinary Level Examination** - 1 A\*, 10A, 1B

#### **Student Experiences:**

- Prefects' Guild - Head of Sports (2021)
- President of the Media Unit (2020)
- Sea Scouting Patrol Leader - Negombo Region.(2019 - 2020)

**Negombo, Sri Lanka**

2007 - 2021

## SKILLS & OTHER ACHIEVEMENTS

---

**Programming Languages:** Java, C, C#, Python, Javascript, SQL, HTML, CSS, Dart

**Frameworks:** Node.js, React, .NET, Flutter, SpringBoot

**Developer Tools:** Git, PostgreSQL, SQLite, Visual Studio, Figma, JetBrains Based IDE's

**Creative Tools:** Photoshop, Illustrator, After Effects, Premier Pro, Davinci Resolve

**Other:** Developed and delivered compelling presentations to stakeholders, effectively communicating complex technical concepts to non-technical audiences;

#### **Certifications:**

AWS Academy Graduate - AWS Academy Cloud Foundations

APICTA Young Computer Scientist Competition (**Gold Award**)

The Duke of Edinburgh's Award (**Bronze**)

Aviation Fundamentals and Electrical Systems (**SL Air Force**)

SLT Elephant Decoder Hackathon (**6th Phase - Top 5**)
